Open discussion

Please do your course evaluations

Grading criteria

In this presentation, you will at a minimum discuss:

1. Your objectives/problem/task

2. How you accomplished the task - or if you did not, why not

3. Obstacles, challenges, etc. you faced during the work

4. Your results - including a discussion about how you measured success

5. The implications of your work (e.g.,for your research, job)

6. Future goals and objectives

Time

UG: 7-10 min
Grad: 10-13 min
